

## ***Licensed Plumber***

### **Residential, Journeyman and Master Plumbers**

Licensed Plumbers lead jobs, crews, and projects. Licensed plumbers at Kimbel Mechanical Systems work primarily in new construction housing. Journeyman and Master Plumbers must have knowledge of commonly used concepts, practices and procedures within the plumbing field.

Licensed Plumbers install, modify, inspect, repair and maintain plumbing fixtures in water, gas and drainage systems according to specifications and building codes. They perform necessary tasks on all phases of plumbing by relying on experience and knowledge. They identify plumbing and safety problems applicable to the installation and take necessary corrective action.

Must be able to read blueprints, take supervision and/or contractor instruction, and complete quality control sheets. Must be able to make decisions on the job site, without disruption to the business or to work and job quality.

### **Required Qualifications:**

- 2+ years of Plumbing installation experience
- Residential or Journeyman Plumber Licensed Required
- Valid Driver's License
- High School Diploma or GED

### **Other duties:**

Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities and activities may change at any time with or without notice. This position is considered to be a safety sensitive position.
