

Employment Opportunity

Field Construction Team Member

Pure Cycle Corporation is a fast-growing wholesale water and wastewater provider in the Denver Metropolitan region. In addition to its water activities, we are developing a 1,000-acre master planned community along the I-70 corridor. We are seeking experienced equipment operators (excavators, loaders, skid steer), and field construction members with pipeline construction, GESC implementation, water and wastewater operators or an interest in obtaining certifications.

Pure Cycle offers employees fun and rewarding full-time employment with very competitive hourly wages and a great benefit package. We are looking for people interested in a career with a Company who will train and promote its employees.

Requirements for Employment

- Graduation from High School (or GED)
- Valid Colorado Driver License
- Willingness to listen, learn, perform, and effectively communicate with co-workers and public
- Must be dependable, showing up on time and ready to go

Physical Demands

- Sit, stand, walk, kneel, crouch, stoop, squat, crawl, twist, climb, push, pull, lift 50 pounds, and wear protective apparel.
- Exposure to cold, heat, noise, outdoors, vibration, confining workspace, and mechanical hazards.

Working Hours

Pure Cycle Field Construction team members typically work (5) eight-hour days, 40-hour work week. Saturday hours are occasionally required.

Pure Cycle Corporation is located in Watkins, CO.

Compensation and Benefits

- PTO days and holiday pay
- Health and Dental Coverage is 100% paid for employees
- 401K plan with employer matching contribution (50% up to a maximum of \$2500/year)
- Hourly pay \$21.00
