HVAC/R Technician - Denver Location - Pay Range \$25-35/hr.

Job Description:

We are adding to our Service Department and are hiring an **HVAC/R Technician**. We're looking for candidates with 3+ years of experience working in Commercial HVAC applications. The HVAC/R Technician is responsible for the maintenance, troubleshooting, and repair of HVAC/R systems utilizing their knowledge of refrigeration theory, electrical schematics, pneumatic and electronic control systems, pipe fitting, welding/brazing, and mechanical layouts.

Responsibilities:

- Responsible for servicing products and equipment on assigned projects and ensuring customer satisfaction
- Performs repairs, overhauls, and start-ups of commercial HVAC systems
- Uses a variety of hand tools, following blueprints, wiring diagrams, piping schemes, or engineering specifications, to diagnose and repair units
- Prepares for on-site installation and repairs by examining building layout, anticipating difficulties, gathering materials, and coordinating on-site work as necessary
- Documents work by completing paperwork on each job and maintaining files
- Keeps current all manufacturers' products concerning installation, operation, maintenance, service, and repair
- Provides technical support to customers
- Flexibility to work overtime/weekends, as required

Qualifications:

- 5+ years experience as an HVAC/R Technician
- Boiler, Condensate Drain, and Underfloor Heating Piping Experience
- RTU Install and Service
- Split System AC and Furnace Install and Service
- Valid CO Driver's License and Clear MVR
- Current EPA License
- Can successfully pass a criminal background check, drug test, and physical ensuring you can perform the duties of the job
- Strong organizational and communication skills
- Willingness to be a team player and possess leadership qualities

What we offer you:

- Comprehensive benefits package to include: Medical/Dental/Vision, 401K Matching Program, Flexible Spending Plans, Life Insurance, Paid Vacation/Holidays, and more
- Pay range \$25-35+ Depending on your experience
- Career Path Development and certifications needed/required

- Vendor/Manufacturer Training, as well as Safety and Task Training
- Company furnished computer, cell phone, and other technologies needed to efficiently and safely perform your tasks
- Take-Home Company Vehicle
